OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 1 May 1973

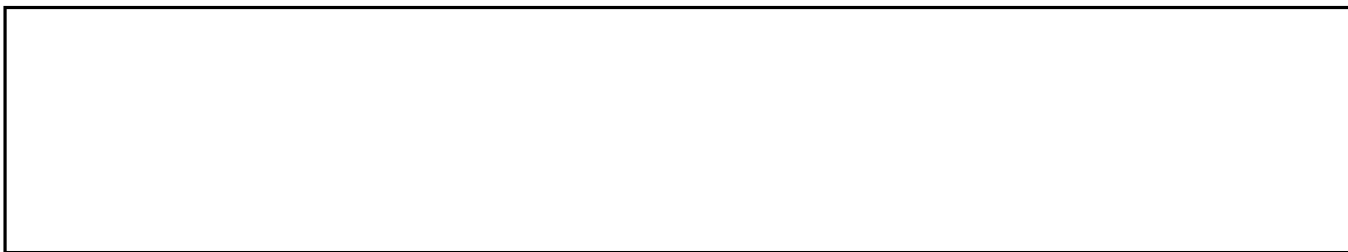

25X1

1. [REDACTED] As a followup to yesterday's conversation I talked to Bill Ashworth, Senate Foreign Relations Committee staff, who told me that the week of the 28th of May now looks good for scheduling an Agency briefing on national means of verification and Soviet and ChiCom strategic weapons developments. We will work out a specific date as soon as final approval is received from Chairmen Muskie, Arms Control, International Law and Organization Subcommittee, and Fulbright, Senate Foreign Relations Committee. Carl Duckett, DDS&T, has been advised.

25X1

2. [REDACTED] Talked to Robert Blum, Senate Foreign Relations Committee staff, concerning his informal request relating to possible Committee release of the Director's letter of 30 March 1973 concerning publication of certain Agency records. I told Blum that if the Chairman desires to release the letter, we would have no objection. I thanked him for the Committee's consideration in raising the question with us.
